Our Institution is investing of resources in scientific research and innovations are important ways to facilitate sustainable development of the society and ecosystem. Our institution has created an ecosystem for inovation and transfer of knowledge through the different activities of various committees / cells.

IQAC in order to instilled research and creative thinking amongst the students organised various workshops, conferences, programmes as well as faculty development activities etc. The cell has organised various seven collaborative extension activities with various government and non-government agencies. The IQAC has also arranged extracurricular activities for overall development of the students.

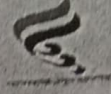

The purpose is to mentor students and to concentrate their studies, the institution has been made mentor students groups and has given responsibility to teachers to concentrate student studies.

The Faculties has been organised one to one and group conferences with students to enhance field work practicum and theory studies of the students.

The research committee of the college has been tried to organised workshops for the students to educate research skills like SPSS data analysis and interpretation.

Thus the college is engaged in continuous and sustainable development of the students for making them as quality products of the institute for competition of global standards.
